

Hello, I'm **Apps By Koketso**.
I'm a full-stack mobile App developer.

See my work :-)

Kaizer Chiefs (Unofficial App) (Unreleased App!)

- Fan made Kaizer Chiefs Android and iOS App, inspired by Manchester United official App.
- The unofficial Kaizer Chiefs App is first for breaking news on transfers and injuries; exclusive videos and behind-the-scenes player and manager access; plus our real-time match updates with live stats.
- Unrivalled match coverage: first with team news and line-ups; live match updates and analysis; rival scores; and a new stats-packed Match Centre!
- Latest news: we're every Chiefs fan's trusted source for official breaking news on transfers, injuries and the official word from the boss and players
- Fans are at the heart of our app! React to events as they happen with emojis, take prediction polls, vote for your Man of the Match
- Fixtures & Live Scores: keep track of the first team - and one eye on our rivals - plus up-to-date information on our Senior, Reserves and Technical teams
- Sign up with KC App and personalise your app experience and notifications, now including updates on Senior, Reserves and Technical teams
- Experience the true power of real time pushnotifications
