

Hello, I'm **Apps By Koketso**.
I'm a full-stack mobile App developer.

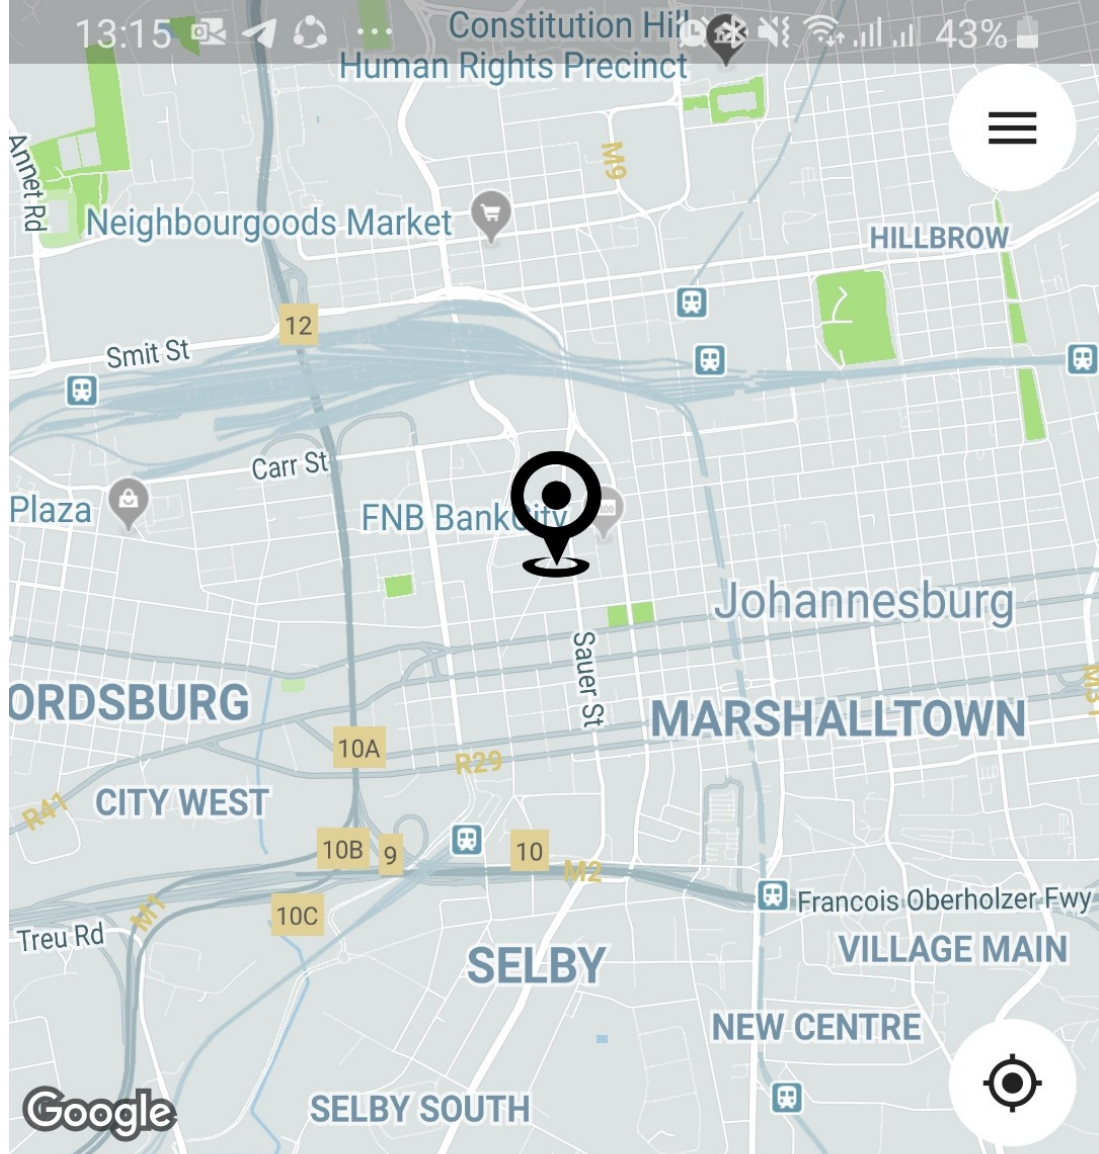

See my work :-)

Wamma App

- Best App for home service
- This is based off Uber model,
- You select your location on the maps, then request a service provider to come to your home
- Integrated to Payfast for seamless in App payments

Download from Play store - NOT AVAILABLE. Email me to request latest .APK file (Android installation file)
